

Most-Awarded SUV Ever, The New Jeep Grand Cherokee, Is A Brisbane Favourite

Auto shoppers seeking a Jeep in Brisbane are drawn to the 2014 Jeep Grand Cherokee.

REDCLIFFE, QLD, AUSTRALIA,
September 19, 2013 /

EINPresswire.com/ -- Hailed as the most-awarded SUV ever, the new 2014 Jeep Grand Cherokee

(<http://www.redcliffe.cjddealer.com.au/new-vehicles/new-jeep-vehicles/2014-jeep-grand-cherokee>) is a Brisbane luxury auto buyers' dream come true.

The vehicle has received more awards over its lifetime than any other SUV on the market and the 2014 model has earned even more recognition thanks to best-in-class fuel economy and clean-diesel technology, among other features.

"The Grand Cherokee just keeps getting better. It's been one of our top selling autos for many years and I don't see an end to that in sight. As technology improves, the Grand Cherokee is able to use less and less petrol and go further between fill-ups. This is important to families who are concerned about balancing fuel consumption with the space that mid-sized SUVs offer. It's one auto that has been able to change with the times and even improve over time," said [Bob Aldons](#) of [Northstar Chrysler Jeep Dodge](#) in Redcliffe (<http://www.redcliffe.cjddealer.com.au/>).

Four different engines are available on the 2014 model; 3 petrol-based engines and one clean-burning diesel engine with fuel economies ranging from 7.5 l/100km to 14 l/100 km. Each is mated with an 8-speed automatic transmission. Exterior redesign has resulted in a Grand Cherokee that looks even more luxurious and refined than in the past; a look that is carried through to the interior with features including premium Natura leather and open-pore wood trim.

Other noteworthy improvements to the 2014 Grand Cherokee include safety and security features, pushing the total number of features in these categories over 60. Front Park Assist, Forward Collision Warning with Crash Mitigation, Adaptive Cruise Control, and Selec-Speed

Brisbane dealer Northstar Chrysler Jeep Dodge reports a surge of interest in this heavily-awarded SUV.

Control are just a few examples of the safety features to be found on the new Grand Cherokee.

The Grand Cherokee is outfitted with Jeep's signature "Go Anywhere" 4x4 systems to ensure perfect control and capability on and off-road. Quadra-Trac I, Quadra-Trac II and Quadra-Drive III are all available as 4x4 options on the new model.

Drivers can find a new Jeep Grand Cherokee in Brisbane at Northstar Chrysler Jeep Dodge in Redcliffe. The dealership has plenty of these new models in stock and is currently booking test-drives of the Jeep in Brisbane. Learn more about the 2014 Jeep Grand Cherokee or book a test drive online at Northstar's website at: <http://www.redcliffe.cjddealer.com.au/>. The dealership is located at 320 Anzac, Avenue, Kippa-Ring 4021, Redcliffe, QLD.
