

Strong Demand for Ahern & Associates Highly Lauded Mentoring Program

The logistics experts at Ahern & Associates have seen monumental interest in their mentoring program for trucking businesses.

PHOENIX, AZ, UNITED STATES, September 30, 2013 /EINPresswire.com/ -- Ahern & Associates' new mentoring program has been taking the trucking industry by storm since its launch earlier this year. Owners and managers of trucking/logistics businesses across the country have been jumping at the chance to receive valuable, executable information from some of the top figures in the industry including Andy Ahern, himself, who has enjoyed a sterling reputation as an industry consultant for almost thirty years.

Ahern & Associates have been a major player in the trucking industry for over two decades, and have accumulated considerable knowledge about what it takes for a business to be successful in the trucking and logistics sectors. Their mentoring service is a comprehensive program that covers how to sell a business, how to establish market value, how to utilize help from wealth managers, as well as an in-depth three-day evaluation of the mentee's business from a buyer's perspectives.

In their how to sell module, Ahern covers important questions such as how to put an acquisition team together, how to overcome buyer obstacles, how to choose the right attorney and accountant, and how to discreetly enter the selling market. For discerning the market value of a business, Ahern will teach business owners how to go through the entire process from the letter of the intent to the final contract.
