IBITGQ Appoints 3SC Technologies as First ATO in Middle East

BAMBERG, GERMANY, September 30, 2013 /EINPresswire.com/ -- The International Board for IT Governance Qualifications (IBITGQ) has announced the appointment of 3SC Technologies, a division of 3SC World as the first IBITGQ Accredited Training Organisation located in the Middle East and North Africa Region.

3SC Technologies is a leading IT outsourcing service provider and technology consultancy focussed on delivering services to client organisations in the MENA region. The company plans to deliver IBITGQ Training Courses and Examinations to delegates based in the UAE, Kuwait, Qatar, Bahrain, Pakistan and the Kingdom of Saudi Arabia.

3SC Technologies has successfully applied and passed the strict entry requirements of the IBITGQ ATO scheme and has been awarded Conditional Accreditation pending its final approval by the IBITGQ Board in the next few months. Upon this approval, 3SC Technologies are accredited to deliver a range of courses and exams which include the following:

ISO27001 Certified ISMS Foundation (CIS F)
ISO27001 Certified ISMS Lead Implementer (CIS LI)
ISO27001 Certified ISMS Risk Management (CIS RM)
ISO27001 Certified ISMS Lead Auditor (CIS LA)
ISO22301 Certified BCMS Foundation (CBC F)
ISO22301 Certified BCMS Lead Implementer (CBC LI)
ISO22301 Certified BCMS Lead Auditor (CBC LA)

Nora Clifford, Chair of the IBITGQ Accreditation Panel, confirmed, 'I am delighted that 3SC Technologies has become our first Accredited Training Organisation in the Middle East. IBITGQ ATO's are selected on the basis of their ability to provide the highest quality training delivered by experienced trainers. They must be able to deliver the content of the IBITGQ course syllabus and prepare delegates to take and pass the official IBITGQ exam. The selection of the ISO27001 information security and ISO 22301 business continuity courses by 3SC Technologies has demonstrated their commitment to the future development of IT governance professionals in their region."

Jayme Harris, Vice President at 3SC Technologies added, "In meeting the current demand for IT and Corporate Governance in the Middle East region, we feel that being accredited through a

globally recognised body such as IBITGQ, will give confidence to our customers and Industries looking for this type of training and certification process through an accredited agency. From our recent events and from feedback from our current customer base, we have found that there is a standard being set not only in the Middle East but on a global level for any service provider to deliver and operate from an internationally and globally recognized process and set of standards."

harris added: "3SC Technologies will be an instrumental part of delivering these courses, training and certifications to Industries and individuals that are at the forefront of this global phenomenon that has recently shifted from awareness stage to that of action and implementation. We already have had a tremendous response from Industry leaders in Banking and Finance, Telecommunications, Universities and Governmental Ministries to be the first to participate in our training and certification offerings throughout the Middle East Region. We look forward to finalizing our "train the trainer program" with IBITGQ and with starting official courses by the end of this year."
