

# Mobile Innovations Enters Into HandAble Phone Holder License Agreement

*Mobile Innovations, Inc., entered into a license agreement with Ace Products USA for the exclusive worldwide distribution of HandAble Phone Holder Products.*

IRVINE, CALIFORNIA, USA, October 4, 2013 /EINPresswire.com/ -- 5-Star Supplier Ace Products (asi 30112) has teamed with Mobile Innovations, Inc., to bring a brand new product to the Promotional Products Industry called the "HandAble".

HandAble is the newest, one of a kind accessory designed for use with any SmartPhone, Tablet, or Ebook Reader. HandAble is the perfect way to hold any of your electronic devices securely and comfortably and it keeps them from accidentally dropping ever again.

HandAble allows the user to rotate your phone 360 degrees, so you can hold your phone portrait or landscape.

HandAble is fully adjustable to fit any size hand, child or adult, and is retractable and low profile, so it tucks away neatly when not in use.

Best of all, the Handable is a perfect fit for the promotional products industry as it offers a large bold imprint area that is protected with an epoxy dome coating.

With cell phones being a staple with every consumer, HandAble captures a large audience and is right for every promotion.

HandAble has been featured on MSNBC as a "Great Gift for Clients & Employees" and Entrepreneur.com has named it "Editor's Pick in Their Holiday Gift Guide".

Contact ACE LINE today to get your HandAble, the most exciting & innovative product in the promotional industry today.
