

David L Jones, DDS Offers Invisalign in Virginia Beach and Cape Charles

Longtime Virginia Beach Dentist Brings Invisible Braces to Offices in Virginia Beach and Cape Charles

VIRGINIA BEACH, VA, USA, October 9, 2013 /EINPresswire.com/ -- When people in Virginia Beach think of an established dentist, many of them think of David L Jones, DDS. In practice since 1992, Dr. Jones' practice has been around long enough to see many exciting changes in dentistry. One of which being the advent of Invisalign braces.

[Invisalign in Virginia Beach](#) is just a short drive away, to the office of David L Jones, DDS, on General Booth Boulevard. These so called invisible braces have helped myriad Virginia Beach patients straighten their smiles, resolve structural imperfections, and improve their confidence. These wireless, clear braces remove the stigma that was created from metal braces and other appliances of yesteryear, and they could not be more convenient.

Invisalign requires patients to change out their individualized trays every two weeks, and return to the dentist office every six weeks to ensure the process is working as planned.

In addition to offering [Invisalign to Virginia Beach](#) area residents, Dr. Jones' office offers the following services to its patients: Family Dentistry, Crowns & Bridges, Dentures, Root Canals, Bonding and Veneers. A staff of 12 dental professionals provides comprehensive dentistry from two convenient offices. In addition to Virginia Beach, the practice serves patients in Cape Charles, Pungo, Oceana, Sandbridge, Red Mill, Strawbridge and Court House, Virginia.
