

Advanced Dental Care in Cranberry Township PA Is Now Accepting CareCredit™

CRANBERRY TOWNSHIP, PA, USA, October 11, 2013 /EINPresswire.com/ -- Advanced Dental Care in Cranberry Township, Pennsylvania, recently announced it is accepting CareCredit, a health care plan that allows patients to finance their dental bills over time.

Cranberry Township, PA. Advanced Dental Care, a [Cranberry Township family dentist](#), recently announced it is accepting CareCredit™, a health care plan that allows patients to finance their dental bills over time. [Cranberry Township dental service](#) is now more affordable for the whole family; CareCredit, in most cases, allows patients to carry a comparatively low-interest financing charge, for a finite amount of time.

Advanced Dental Care is reaching out to patients who may need help to cover their dental costs, particularly for families who are obtaining oral care services for the whole household. CareCredit™ is helpful to anyone who needs to spread out their costs over time. CareCredit functions much like a credit card; however, it is only used for health care services. In most cases, patients apply for the card to finance that part of their bill not covered by insurance, and comparatively lower interest rates are applied for a finite amount of time.

The practice encourages families to make sure their oral health care needs are taken care of by the most competent, comfortable and up-to-date dental practice. Dr. Edward R. Robison, head of Advanced Dental Care, says, "I take pride in providing my patients with the most modern techniques and materials available in cosmetic, restorative and preventative dentistry. You'll enjoy our state-of-the-art facility with the latest in high-tech equipment."

For more than 33 years, Advanced Dental Care has provided general dental care in Cranberry Township, Pennsylvania, and the surrounding areas. Using the most advanced technologies and methods, the practice focuses on general dentistry with a number of services that apply to the whole family. Their all-encompassing general dentistry services include preventative dental care, crowns and bridges, dentures, root canals, veneers, gum disease treatment and laser dentistry.

Advanced Dental Care opens at 7 a.m. on weekdays and is also open the second Saturday of the month for the convenience of busy patients. Contact Advanced Dental Care for an experienced dentist who practices gentle dental care for patients from Cranberry Township, Mars, Wexford, Gibsonia, Baden, Zelienople, Bradford Woods, Economy Borough, Sewickley, Robinson Township, and Harmony, Pennsylvania.
