“

The fact there are currently only two approved sportsbooks on the OnlineCasino.net sports betting guide is a testament to just how picky we are!”

The initial launch of its new sports betting guide primarily highlight the merits of the popular internet betting site and sportsbook, Bet 365, which also happens to be one of OCNet's highest rated UK online casino gaming destinations. Being one of the UK's largest private companies with over 10 million customers, Bet 365 carries a degree of clout that OnlineCasino.net has likewise become synonymous with over the years.

OnlineCasino.net spokesperson, Vick Marieno, put it this

way: "We take great pride in the fact that we exercise the utmost due diligence when vetting betting sites that are listed in our reviews directory. While this has hitherto been online casinos primarily, we are now beginning to expand our reviews to include sportsbooks and poker rooms, which will be vetted with the same guidelines used to approve online casinos. Our loyal readers have come to depend on the accuracy and comprehensiveness of our reviews, and their earned trust is something we value very highly."

Guidelines used in vetting internet sports betting sites at OnlineCasino.net include a validation of regulatory and licensing credentials, software licensing, overall reputation and customer service

ratings, diversity and range of betting lines (US and Euro), cashout policies and lastly, promotional offerings, including welcome bonuses and parlay bonus terms/conditions. "The fact there are currently only two approved sportsbooks on the OnlineCasino.net sports betting guide is a testament to just how picky we are!" said Marieno. "Of course, there will be more additions in the near future. In fact, we are currently vetting a handful of potential sportsbook additions."

Also on the agenda for internet sports wagering guide is the publication of a comprehensive sports betting term glossary and tips section to help bettors navigate online sportsbooks, find the lines they want to play, and to do so in a strategic and responsible manner. While these tips can be utilized by anyone, USA bettors will unfortunately have to turn elsewhere in finding a reputable internet sportsbook.
