

# Limited Ad Spaces Available in the Print Clinical Informatics News Product Directory

*Choose from 50+ categories | In print and online | Cover ad spaces still available!*

NEEDHAM, MA, USA, October 23, 2013 /EINPresswire.com/ -- Earlier this year, the Cambridge Healthtech Media Group launched the Bio-IT World Product Directory ([http://www.bio-itworld.com/bioit\\_product\\_directory.aspx](http://www.bio-itworld.com/bioit_product_directory.aspx)), which was so well received, we just launched the [Clinical Informatics News](http://www.clinicalinformaticsnews.com/view-product-directory) Product Directory (<http://www.clinicalinformaticsnews.com/view-product-directory>)!

We just want to make sure you are aware that time is running out to secure an ad in the printed Clinical Informatics News Product Directory, which will be distributed to all attendees at CHI's 2014 SCOPE Summit for Clinical Ops Executives. There are a limited number of spots remaining for print advertisements in the directory. If you are interested in reserving one of the remaining spots, please contact Elaine Eskedal at [eeskedal@healthtech.com](mailto:eeskedal@healthtech.com) or (781) 972-5430 for more information.

We do still have cover spots available. And, if you secure one of the internal ad slots, we can position your ad close to your product listing.

Act fast to secure one of the remaining premium ad positions!

If you'd like to add your products and services as a listing, please go here:
