

Pharmaceutical Microbiology Regulations Addressed by Former MHRA GMP Inspector

Former MHRA GMP Inspector, Di Morris, will be providing delegates with unique insights at Pharmaceutical Microbiology 2014

LONDON, LONDON, UNITED KINGDOM, October 25, 2013 /EINPresswire.com/ -- SMI is delighted to announce that former MHRA GMP Inspector, Di Morris, who is now consulting for Pharmaceutical Solutions Ltd, will be making a keynote address at SMI's 3rd annual conference on [Pharmaceutical Microbiology](#)

The presentation entitled "Preparing for Pharmaceutical Microbiology Inspections" will take place in a session covering Regulation in Microbiology and will also include two presentations from leading FDA Microbiologists, Steven Donald and Erika Pfeiler.

Di's presentation will provide a unique insight on:

- An overview of the inspection process

“

Scientists, analysts, and quality professionals will all benefit from hearing about current trends in validation, implementation, and recent regulatory approvals.”

John Duguid, Genzyme

- What inspectors are looking for
- Microbiologist investigations

Pharmaceutical Microbiology 2013 will aim to provide an expert and highly accredited speaker line up including over 10 pharma speakers who will spotlight on topical areas such as real time microbial air sampling in operational cleanrooms, preparing for inspections, automated and rapid technology in environmental monitoring and hRSV fusion inhibitors.

Other speakers will include:

- Phil Duncanson, Site Microbiologist & QC Lead, MedImmune

- Amy McDaniel, Associate Director, Production Operations, Pfizer
- Tim Eaton, Sterile Manufacturing Specialist, AstraZeneca
- Pierre Raboisson, Head of Medicinal Chemistry, Johnson & Johnson
- Olivier Chancel, Head of Pharmaceutical Support, Merial Sas (Sanofi)
- Stephen Rawling, Microbiology Team Leader, GSK
- John Duguid, Principal Process Analytical Scientist, Genzyme
