

European Smart Grid Cyber and SCADA Security: enhancing security through predictive forecasting and monitoring models

SMi Group reports: European Smart Grid Cyber and SCADA Security returns to London in March 2014

LONDON, LONDON, UK, October 25, 2013 / EINPresswire.com/ -- SMi Group proudly presents its 4th annual [European Smart Grid Cyber and SCADA Security](#) conference, taking place in London, on the 10th-11th of March 2014. Registration for the event is now open.

Event's website: <http://www.smi-online.co.uk/2014cybergrids4.asp>

The event now in its 4th year delivers the latest developments on how Utilities from the US and Europe are dealing with persistent threats and vulnerabilities. Attendees will receive insight into present & future SCADA & Smart Grid technologies, security risks surrounding Electricity and Water infrastructures.

The [event agenda](#) includes presentations covering the European Governments "Minimum Security measures for Smart Grids", hostile behaviour aimed at the Smart Grid and how it can be detected early, new approaches to predictive forecasting models and process monitoring, cost of security and how to measure ROI from industry leaders such as Waternet, Scottish and Southern Energy, Maersk Oil Qatar, Transmission Security Corporation, California Water and Power Company, Viasat and many others.

The event will be followed by interactive workshop, "Data analytics and predictive models for ICS/SCADA cyber security", hosted by Dr Damiano Bolzoni, COO, Security Matters.

[Keynote speakers include:](#)

- Edward Hamilton, Head of Threat and Vulnerability Management, Price Waterhouse Coopers
- Konstantinos Moulinos, Expert in Network & Information Security, ENISA - European Network and Information Security Agency
- Henrik Magnusson, Technical Strategy Manager for the Future Networks team, SSE

- Brett Luedde, Director Critical Infrastructure Security, Secure Network Systems, Viasat Inc
- Johan Rambli, Privacy & Security Officer, Alliander N.V.
- Rob van Bekkum, Program Manager, ENCS
- Rudolf Baumann, Chairman of the Transmission Security Cooperation, Senior Advisor Operations, swissgrid
- Steve Brunasso, Manager of Security and Networking, California Water and Power Company
- Daniela Pestonesi, Automation and Diagnostics, Enel Engineering & Research SpA
- Philip Westbroek, Telecommunications and security advisor, Enexis
- Mauriche Kroos, Security Officer, Enexis
- Martin Visser, Security Officer Process Automation, Waternet
- Frank Hyldmar, Vice President, ESMIG
- Claudio Lo Cicero, Head of Global Information Security, Maersk Oil Qatar A S
- Bob Lockhart, Research Director, Navigant Research
- Rick Welsh, Head of Cyber Insurance at Aegis at Lloyds, Aegis London
- Galen Rasche, Technical Executive, Electric Power Research Institute
