[Online Casino](http://OnlineCasino.com) religiously updates the game portfolio with new games almost every month.

In October two new video slots were added Rhyming Reels – Georgie Porgie and Dolphin Quest, both powered by Microgaming and both offering hours of entertainment and jackpot bonuses.

Georgie Porgie is a childhood rhyme that most people are familiar with, but not many are familiar with the new slot game that has a maximum payout of 375,000 coins. The Rhyming Reels game portfolio already consists of Hearts and Tarts, Old King Cole and more recently Jack and Jill. All of these games are themed around the rhyme with fun graphics and great bonus features. Georgie Porgie is no exception when it comes to bonus features and jackpot rewards, luckily in this video slot a kiss from the ginger nerd would probably result in players jumping for joy rather than crying.

Dolphin Quest is another under the sea themed slot game, players are taken on a journey to the unknown and entertained by colorful fish and sea creatures. With five reels and fifty paylines winning the main jackpot of 150,000 coins couldn't be easier. Dolphin quest also has a Dolphin Quest Bonus where players can easily win extra credits with a few clicks of a button.

As with all [Royal Vegas Casino Games](http://RoyalVegasCasinoGames.com) players can test out these two video slots in free play mode before placing any real wagers. The purpose of this free play is to get a feel for the game and making sure players spend their money on games they enjoy. The Royal Vegas games lobby has over 500 casino games on offer and players are able to enjoy slot games, table games and other style games like scratch cards, keno and more. Royal Vegas promises a royal experience at their online casino and all new players are offered a €/\$1,200 FREE welcome bonus when they sign up.
