

Global EDD Group Expands International E-Discovery Services With Global Discovery Network

New Discovery Data Management Platform Features Speed, Scalability, Security & A Global Server Network

LAS VEGAS, NEVADA, USA, October 28, 2013

/EINPresswire.com/ -- Global EDD Group, a leading provider of innovative [electronic discovery](#) services across the globe, formally announced a channel partnership with Global 7 Technologies LLC (www.Global7Technologies.com) to become a Premier Reseller for the new Global Discovery Network (www.globaldiscoverynetwork.com) discovery data management platform.

Global Discovery Network from Global 7 Technologies

Global 7 Technologies provides web-based information management solutions to the legal & financial industries, focusing on next-generation platforms that integrate the latest [Big Data technology](#) tools. The company is establishing a global network of partners who are empowered to offer the Global Discovery Network to law firms, corporations, agencies and service providers. Each channel partner manages the sales, consulting project management and front line user support for each client and case, while Global 7 Technologies manages the development and support of the platform infrastructure.

About Global Discovery Network

The Global Discovery Network is a secure cloud platform designed for the global legal industry that enables the easy preview and management of electronic business data typically associated with [litigation](#), arbitration, investigations and compliance. Designed by Global 7 Technologies to achieve strength through simplicity, Global Discovery Network features a clean web interface that enables quick learning for new users and smooth navigation for power users. There is no software to install (or support), no long waits for the data shipping/processing cycle and no complicated pricing schemes.

Global Discovery Network features:

* Unlimited Users Included

- * Mobile Apps for iPhone, iPad & Android Devices
- * Drag-n-Drop Uploads
- * PST Processing
- * Native File Processing
- * Dynamic Foldering
- * Advanced Searching
- * File Preview
- * Search Hit Highlighting
- * Full Unicode Support
- * Bulk Tagging
- * Commenting
- * Bulk Coding
- * TIFF Processing & Exports
- * Image OCR
- * Native File Exports
- * Clean User Interface
- * Big Data Technology Infrastructure
- * Global Server Network (Asia, Europe, North America, South America)
