Royal Vegas Mobile Casino will be adding the hugely successful video slot Thunderstruck II to their mobile games lobby in November.

LONDON, ENGLAND, ENGLAND, October 30, 2013 /EINPresswire.com/ -- [Royal Vegas mobile casino](#) has steadily been growing from strength to strength, not only have they updated their welcome bonus to match that of the online casino, making it one of the larger new player bonuses available to mobile players. But they have also been gradually adding more and more casino games to their mobile games lobby. November makes no exception to this growth as the casino will be adding Thunderstruck II into the mix, one of the most played video slots online.

[Royal Vegas Casino](#) is powered by Microgaming so it is no surprise that the mobile games are powered by this leader in casino technology as well. Microgaming had the following to say about the games mobile release "Thunderstruck II is one of the most successful games from Microgaming's stable and is now available on your Mobile. With no download required, Thunderstruck II still delivers the same superior gaming experience that you have come to expect and love. With high frame rate animations and incredible playability, this game will certainly retain its legendary status. You can now play this game on both Android and Apple devices, through HTML5 technology." The addition of this game will make the Royal Vegas Mobile games lobby even more enticing for registered players and players that are contemplating signing up.

Thunderstruck II is a five reel video slot with 243 pay lines, meaning even more ways for players to win. The game is themed around the Nordic God of Thunder Thor, players familiar with the theme will recognize characters like Valkyrie, Loki, Raven and Odin who all feature as symbols in the game. With the chance of winning 10,000 coins it is no wonder the game is so popular but bonus features like the "Wildstorm" and "Great Hall of Spins" add to the attraction.

The [Royal Vegas Mobile Casino games](#) lobby is smaller than the online casino offering but by selecting some of the more popular games for players to enjoy they are guaranteeing that players will be pleased. Some of the mobile slot games currently available for players to enjoy are Loaded, Avalon, Mermaids Millions, Tomb Raider, Break da Bank and the original Thunderstruck as well as progressive slot games like Mega Moolah and Major Millions. Players can also enjoy table games including European Roulette, European Blackjack and video poker like Jacks or Better Poker. With new games being added on a regular basis the mobile game offering is bound to grow propelling Royal Vegas Mobile Casino to the front of the pack thanks to the generous new player welcome bonus and ever growing games lobby.
