

Limited Edition Collector Teddy Bear Created By TG Bears To Promote Epilepsy Awareness

FORT MYERS, FL, USA, October 31, 2013

/EINPresswire.com/ -- [TG Bears](#) has designed and created a special limited edition handmade teddy bear to raise Epilepsy Awareness during November 2013 and support the work of Epilepsy foundations nationally.

Epilepsy is a condition that affects 2.2 million people in the United States, 300 000 of them children under the age of 15 (as per the [Epilepsy Foundation](#)). It is a condition that affects every bit of the person's life and those close to them and can be fatal. The raising of awareness is an ongoing battle for those battling Epilepsy.

Located in North Fort Myers, Florida, TG Bears has stepped in with a limited edition collector handmade teddy bear which will be available only in November 2013. Named [E-Bear](#), this teddy bear not only brings the spotlight on Epilepsy, but also contributes over 50% of the sale price to a foundation of choice from those partnering with TG Bears on this project. Additionally, each bear can be personalized by adding a name and the neckwear can be chosen - either a bow-tie or a scarf. Each bear is numbered, signed and dated.

As per Monica Collins, owner, designer and creator at TG Bears, teddy bears are ideal for raising awareness. Not only do they convey a message, but also make great conversation starters which allow their owners to tell and educate. Each TG Bear is handmade by Monica for the specific person it is going to. Both children and adults alike state that it is very special to receive a bear with a message made especially for them.

TG Bears has partnered with 6 great foundations for the E-Bear project. Choose for the contribution to go to the Chelsea Hutchison Foundation, South Carolina Advocates For Epilepsy, National Seizure Disorders Foundation, Doose Syndrome Epilepsy Alliance (Turn the White House Purple for Epilepsy), Kyle and Rose Epilepsy Foundation or Epilepsy Warriors.

E-Bear - Limited edition handmade teddy bear to promote Epilepsy Awareness.

E-Bear is only available from November 1 - November 30 2013.

About TG Bears

TG Bears is a small woman-owned business that designs and creates custom and personal teddy bears. Each bear is handmade with love for the person it is going to. Teddy bears are classic and appeal to all ages. When that bear is personalized or even customized, the appeal is escalated. TG Bears also partners with various charities and foundations to create mascot and awareness bears. These bears not only send a message, but also support a foundation associated with the condition the bear represents. For your own mascot bear, contact Monica at <http://www.tgbears.com/contact>.
