aheadWorks Released Gift Wrapping and Messaging Magento Extension for Ecommerce Stores

LOS ANGELES, CA, USA, November 1, 2013 /EINPresswire.com/ -- The Gift Wrap Magento extension released by aheadWorks gives Magento store owners the possibility to point out the price, to add image and description for wrappers. It is very convenient for visitors who are looking for all available items and are choosing the best ones.

Magento Gift Wrap extension with Magento Gift wrapping and messaging service

Numerous merchants around the globe have chosen Magento for their e-business. Why? What peculiarities help this eCommerce platform stay the fastest growing in the world? Created on open-source technology, Magento empowers online merchants with unprecedented flexibility and control over their online stores. The platform is available in two editions: free Community Edition and Enterprise Edition based on an annual subscription.

aheadWorks Co., the leading provider of Magento solutions and services, is glad to announce Gift Wrap - a new Magento extension that helps organizing online gift wrapping and messaging service for Magento store owners and their visitors.
The company works with Magento since 2009 and became Magento Platinum Industry and Magento Enterprise Partner. Currently 50+ highly skilled professionals work at creation and promotion over 100 top-class extensions and themes. Visit aheadWorks Magento store to find all our Magento extensions and themes.

Merchants do everything possible to satisfy customers' needs and desires. The joy of making or giving out presents shouldn't be ignored as well. Despite the occasion a gift is dedicated to, it needs to be wrapped and accompanied by a special message. The Gift Wrap Magento extension improves the look of any present and allows attaching best wishes notes to it.

With the Gift Wrap Magento module installed, merchants can specify price, add image and description for wrappers. It's rather convenient for consumers who see all available variants and decide which one is the most appropriate for them.

Main features implemented in the Gift Wrap extension for Magento platform:

- Wrap gifts at checkout
- Choose how the items will be wrapped: individually or grouped together
- Check the wrapper in My Orders

Others are useful for merchants:
- Let customers leave gift messages
- Place a gift wrapper label on the product page
- Manage wrapper name, image, price and description
- Exclude products for wrapping according to created conditions

Complete information about the module, demo and screenshots can be found on the product page: http://ecommerce.aheadworks.com/magento-extensions/gift-wrap.html

Note, that you can buy this module with an additional discount in aheadWorks store.

aheadWorks Co. is a dynamic market leading provider of Magento extensions, Magento themes and templates, and custom Magento development services with a comprehensive portfolio of best-in-class solutions for eCommerce businesses.
