

Sems+Associates Expands Computer Forensics and E-Discovery Technology Services

Forensic Accounting & Digital Forensics Consulting Company adds the Global Discovery Network Discovery Data Management Platform

CLEVELAND, OHIO, USA, November 4, 2013

/EINPresswire.com/ -- Sems+Associates, a provider of forensic, accounting and technology services, today announced the addition of the [Global Discovery Network](http://www.globaldiscoverynetwork.com) Discovery Data Management Platform

(www.globaldiscoverynetwork.com) as a first pass review

and early data assessment solution within the company's growing Data Analysis & Forensic Consulting business.

Sems + Associates - Forensic
Accounting & Digital Forensics
Consulting

David Sems, Chief Executive Officer and Founder of Sems+Associates, noted "As a company focused on innovation and service excellence, we believe the addition of the Global Discovery Network to our [computer forensics](#) and [e-discovery](#) services will provide our clients with a dynamic, cost efficient solution to review, analyze and manage their discovery data."

"The flexibility of the cloud platform combined with the stability, speed and scalability of the Big Data architecture make Global Discovery Network a versatile resource for clients and projects of all sizes" added Paul Sems, Managing Director-Consulting Services for Sems+Associates.

About Global Discovery Network

The Global Discovery Network is a secure cloud platform designed for the global legal industry that enables the easy review and management of electronic business data typically associated with litigation, arbitration, investigations and compliance. Designed by Global 7 Technologies (www.global7technologies.com) to achieve strength through simplicity, Global Discovery Network features a clean web interface

(http://www.global7technologies.com/images/Global_Discovery_Network.png) that enables quick learning for new users and smooth navigation for power users. There is no software to support, no long waits for the data shipping/processing cycle and no complicated pricing schemes.

Global Discovery Network features:

- Unlimited Users Included
- Mobile Apps for iPhone, iPad & Android Devices
- Drag-n-Drop Uploads
- PST Processing
- Native File Processing
- Dynamic Foldering
- Advanced Searching
- File Preview
- Search Hit Highlighting
- Full Unicode Support
- Bulk Tagging
- Commenting
- Bulk Coding
- TIFF Processing & Exports
- Image OCR
- Native File Exports
- Clean User Interface
- Big Data Technology Infrastructure
- Global Server Network (Asia, Europe, North America, South America)
