

Industry Survey: E&P Information and Data Management

Industry Survey has been launched by the SMi Group, to identify the most important challenges that Oil&Gas companies face when managing E&P information.

LONDON, LONDON, UK, July 11, 2013 /EINPresswire.com/ -- SMi Group announces the launch of Industry Wide [Survey](https://www.surveymonkey.com/s/NGNBQCL) for E&P Information and Data Management and invites industry professionals to take part in it. <https://www.surveymonkey.com/s/NGNBQCL>

The survey has been launched to identify the most important challenges that Oil & Gas companies face when managing E&P Information, and with the purpose of preparing for the 16th Annual E&P Information and Data Management [Conference](https://www.surveymonkey.com/s/NGNBQCL) taking place in London on the 12th-13th of February 2014.

The survey consists of 10 questions and will take less than 5 minutes to complete. All respondents will be put in the prize draw for 1 free pass to the conference. All other respondents will receive 10% discount to participate in this industry leading events. The results will be published in December 2013 on the conference's website <http://www.smi-online.co.uk/2014eandp8.asp>

The closing date for the survey is November, 29, 2013. To take part please go to <https://www.surveymonkey.com/s/NGNBQCL>

E&P Information and Data Management - 2014 will provide attendees with a complete update of the industry as it stands today. Focusing on data governance and ownership, cloud computing, knowledge transfers, data formats, big data and standards, this informative conference will bring together key oil and gas companies to deliver presentations based on their experiences,

problems and solutions.

Confirmed speakers include:

- Flemming Rolle, Manager Information and Application Systems, DONG E&P Norge
- Jill Lewis, Chair, Technical Standards Committee, SEG and MD Troika International, Society of Exploration Geophysicists (SEG)
- Sherwin Francis, E&P IT Subsurface Service Analyst, BG Group
