EINPresswire.com/ -- Th' new adventures 'n' stories be on tharr way! [Toivon](#) been preparin' a bunch o' surprises!

On November 14th Toivon Studio launched the updated version of their popular MMORPG for iOS - Kingdom of Pirates. This is the studio's third success after the release of the mobile games Dream Shop and Undercity. The new version made available many new features that the players have been anticipating. The adventure continues with the new scenes which have been unlocked. Can ye imagine what awaits on yer treasure-huntin' journey? Moreover, another officer can join the united pirates' team in the new update of the game. Relentless Captain Ingo is making his first appearance in version 1.3. Cap'ns! Ye gonna recruit 'tis tough guy to strengthen yer crew. Those two are the most eagerly awaited features of the new update. What's more, the developer announces the kicking off of a Fishing Contest. All participants will get prizes, but contest-

toppers will get the best ones! 'Tis show time! Fishing feature has been adjusted and optimized. It be bringin' in more fun 'n' leisure! Success rate of fishing has been increased. That's a good motivation for players. In addition, interactions between players have been improved during fishing. Cap'ns can randomly intrude each other's fishin' areas during the fishin' thingy. Cap'n, it seems someone be intrudin' me fishing area. Chase em' away! Kraken might also inadvertently appear when pirates are fishing. Yo-ho-ho! 'Tis be a good challenge fer cap'ns! When pirates defeat Kraken, they can get Kraken Fragments.

Gameplay fairness has been enhanced in Kingdom of Pirates 1.3. To avoid possible Open Waters bullying, higher-leveled players who intentionally linger on lower-leveled Open Water sections will experience certain restrictions from now on. Guild stipend, Tourney Reward, Daily Reward are now connected with the correspondent Open Waters Sections. Higher section of the waters offers better stuff. More in-game items have been added to the Guild Donation List. Crop, gold, materials, ocean tears, and various fragments can now be donated to Guilds. And other general optimizations have been made to the new version, making the gameplay experience much smoother.

Shortly after the release of the new update, Toivon Studio has also opened a new server. There will be a huge activity to celebrate the opening of the server with the new users. After passing through some specific levels, players'll be receivin' special and rare materials, such as Native Hunter Thar on Golden Beach, Orangutan Occam in Foggy Forest, and Native Warchief Dyami in Deep Cave. Those and more amazing activities will celebrate the opening of the new server of Kingdom of Pirates!

There will be another competition of Experience Gainers, also among the activities for celebration. Th' top 30 experience gainers during the activity period be receivin' lots and lots of silver money – from 600000 to 100000. The activity will also include a Level Rush feature, which means that players will receive Ocean Tears whenever they reach some certain levels.

Kingdom of Pirates 1.3 is actually a major update that includes lots of new and useful features, which bring about a positive touch on the gameplay. The MMORPG is [free](#) for [download](#) at the AppStore.
