

gWhiz Upgrades Popular Flashcard App gFlash

ANNAPOLIS, MD, USA, November 25, 2013

/EINPresswire.com/ -- Software developer, gWhiz, applies the latest advancements in mobile technology to its popular [flashcard app](#), gFlash+. Recently updated, the latest [iOS](#) version of gFlash+ is fully optimized for iOS7 and offers users an improved study experience.

Mobile technology is opening new doors for students of all ages by creating unconventional avenues for learning. No longer does education happen only inside a classroom or behind a desk. Learning happens everywhere. And with the newly updated gFlash+ flashcard app from gWhiz, this has never been more true.

Study Smarter with the Latest gFlash+ Flashcard App

Long recognized as the best free flashcard app on the market, gFlash+ offers users a robust platform for creating, downloading, and manipulating [flashcards](#) in every subject under the sun. This latest release is jam-packed with new features including a Matching Game study mode, improved user interface, and full support for iOS 7.

“

Integrating the latest technology, our flagship flashcard app, gFlash+, gives users the tools they need to not only assess their knowledge but ultimately create customized learning solutions.”

Kevin Reville

“gWhiz is harnessing the power of mobile to create engaging and effective applications that allow the user to learn on the go,” remarked Kevin Reville, gWhiz founder. “Integrating the latest technology, our flagship flashcard app, gFlash+, gives users the tools they need to not only assess their knowledge but ultimately create customized learning solutions.”

As technology evolves, it is transforming the way students learn. Increasingly, teachers and students turn to mobile

apps to drive home a point or provide a new perspective on an old lesson. Since its debut in 2008, the enduring popularity of gFlash+ is a testament to its usefulness both inside and outside the classroom. Available for both the iOS and Android platforms, gFlash+ is a must-have study tool for students of all ages.

ABOUT gWhiz
