

# The Big Australian Range From New Generation Homes Caters To Large Home Buyer Crowd

*House and land packages for the Big Australian Range start at \$350,000.*

PERTH, WEST AUSTRALIA, AUSTRALIA, November 26, 2013 / EINPresswire.com/ -- Homebuyers who are looking for large family homes will want to visit New Generation Homes and check out their Big Australian Range of homes. These 20 feature-packed homes are outfitted for growing families and the first home buyer in Perth alike.

"The Big Australian Range is the best of the best. These are three, four and five bedroom homes that are cleverly designed to maximise function and family living while still providing a level of privacy for all family members," said Sandra Muller of New Generation Homes ([www.newgenerationhomes.com.au](http://www.newgenerationhomes.com.au)).

“

With the Big Australian Range you get a large home with a lot of small finishing touches that all add up to a luxurious family home.”

*Sandra Muller*

New Generation Homes' Big Australian Range features large family homes that are as suitable for secondary home buyers as they are for the first home buyer in Perth.

Each of the homes in The Big Australian Range has a two car garage and two bathrooms to go with the [open-living floor plans](#). Inside, the homes feature a large open area consisting of the kitchen, living and dining areas and an alfresco. Private areas, such as a home theatre and master suite and a kids' zone, balance this open floorplan. The kids' zone is a cluster of minor bedrooms around an activity area that is perfect for giving kids their own space.

Homes range in size from 225m<sup>2</sup> to 268m<sup>2</sup> and are outfitted with high-end finishings that don't break the budget. Each home comes with quality floor coverings throughout including tiles and

carpeting, depending on the room. Window treatments and stone kitchen benchtops are also standard in The Big Australian Range. The kitchens also feature premium European stainless steel appliances, including the rangehood and kitchen sink. Bathrooms have china basins and toilet suites and feature a semi-frameless pivot door and screen to the ensuite and shower. All built-in robes have doors already installed and all kitchen, ensuite and bathroom cabinet drawers and doors feature soft closers. On the exterior, the homes are modern elevations with two-tone render and feature colorbond roofing, downpipes, fascia and gutters.

"With the Big Australian Range you get a large home with a lot of small finishing touches that all add up to a luxurious family home. Many new homes today are being built much smaller than the Big Australian range of homes so for families that want the extra space, these homes fit the bill," said Muller.

New Generation Homes is a 2013 Excellence in Building Practice Award Winner from the Master Builders Association. All of the builder's homes come with New Generation Homes' 25-year structural guarantee, which adds [peace of mind](#) to the homebuilding process.
