One Direction is the world's biggest-selling act to emerge from "The X Factor." One Direction previously headlined arenas (with capacities of 10,000 to 25,000 people per venue), but the group has now become one of the few music acts that can headline stadiums (with capacities of 40,000 to 60,000 people per venue) around the world.

The group's third album, "Midnight Memories," is set to be released worldwide on Nov. 25, 2013. One Direction's first two albums — "Up All Night" and "Take Me Home" — debuted at No. 1 in several countries. "Midnight Memories" is expected to do the same.
