

CallAll Relaunches Its Annual Free Santa Claus Message Service

"CallAll's Santa Message service to raise funds for the Joslin Diabetes Center High Hopes Fund"

BOSTON, MA, USA, November 29, 2013 /EINPresswire.com/ -- CallAll LLC is rolling out its free [Santa Claus Message Service](#) for the 4th year running. The CallAll Santa Claus Message Service makes talking to Santa easy and fun for kids young and old who still believe. The Santa line also benefits children with diabetes by allowing CallAll to raise funds to the Joslin Diabetes Center High Hopes Fund.

Callers will be able to hear a new Christmas message from Santa Claus himself, starting on Thanksgiving Day through December 26th. Boys and girls and grownups can dial in to hear Santa's fun and sometimes silly daily message, they then can choose to leave a private message just for Santa, or public message that can be shared with everyone.

For each call made to the CallAll Santa Message service, CallAll LLC will make a donation to the Joslin Diabetes Center High Hopes fund. Adult callers are encouraged to consider donating directly to Joslin by visiting the High Hopes Fund web site at:

www.joslin.org/giving/high_hopes_fund.html &
<https://events.joslin.org/givenow/sponsor/giftinfo.asp>

"Kids from across the country just love calling Santa and hearing his silly messages every day. Each year the number of calls grows dramatically, as does the number of messages the kids leave for Santa. This year we expect over 15,000 Christmas wishes in Santa's voicemail box, said Dan Murray of CallAll LLC.

"Kids really feel connected to Santa when they hear a different message from him every day, and now that we allow parents and family the ability to call back in and hear the specific messages left by their kids, we get a lot more calls from the grownups as well."

The Santa Message service not only allows parents and grandparents to share in the fun, it also allows them to feel good that the call is benefiting the research for a cure to childhood diabetes.

All the public messages on the Santa Message service are reviewed and edited by CallAll's staff to ensure their safe playback for kids of all ages.

The CallAll Santa Message service is a free to call (only long distance charges may apply).

Kids of all ages are encouraged to dial into the CallAll Santa Message service, at 218-936-2100. The Santa Message Service allows callers to touch base with Santa, and in the process help with Diabetes research.
