

EzPaycheck Payroll Software Supports Employees With Multiple Job Titles

EzPaycheck business payroll software accommodates employees that work more than one position at a job site.

DALLAS, TX, US, December 10, 2013 /EINPresswire.com/ -- Halfpricesoft.com launched the new edition of ezPaycheck [payroll software](#) which can support differential pay rate feature for employers that pay employees multiple hourly rates for different duties. With today's economy, many employers are cross training employees to do more than one job as a cost saving effort for the business. With the updates to this business [paycheck software](#), employers can easily pay employees for more than one hourly rate if necessary.

"Enhancements to our small business payroll software and the new features in ezPaycheck will allow business owners to pay employees multiple hourly wages when performing more than one duty," said Dr. Ge, the founder of halfpricesoft.com.

ezPaycheck [payroll application](#) is designed to speed up payroll tax calculation, paycheck printing and tax form reporting for small businesses and nonprofits. Customers seeking a way to simplify payroll processing with more accuracy can go online to http://www.halfpricesoft.com/payroll_software_download.asp and download the payroll accounting software. The download includes the full version of the paycheck software along with a sample database. The sample database allows new customers to try all of ezPaycheck's exciting features, including the intuitive graphical interface, without wasting time entering data.

Small businesses will appreciate the unique features in the latest release of Paycheck software:

- Supports employers paying employees that are cross trained for more than one position at the company.
- Supports payment of hourly, salary, night shift, by piece, by load, or by mileage rates for employees.
- Supports daily, weekly, biweekly, semimonthly and monthly payroll periods. Features report functions, print functions, and pay stub functions.
- Prints miscellaneous checks as well as payroll calculation checks.
- Prints payroll checks on blank computer checks or preprinted checks.
- Automatically calculates Federal Withholding Tax, Social Security, Medicare Tax and Employer Unemployment Taxes.
- Includes built-in tax tables for all 50 states and the District of Columbia.
- Creates and maintains payrolls for multiple companies, and does it simultaneously.
- Prints Tax Forms 940, 941, W-2 and W-3.

-Supports multiple accounts at no additional charge.

-Supports network access.

And best of all, halfpricesoft.com launched year-end promotion to offer ezPaycheck 2013 and 2014 combo version at just \$99 for new small business customers. It is about \$48 off of the regular price.
