

ISQED Event Planned in China for 2014

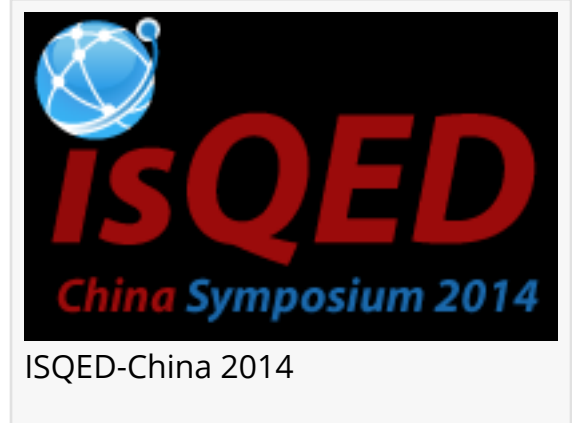

SANTA CLARA, CA, USA, December 11, 2013

/EINPresswire.com/ -- The International Society for Quality Electronic Design ([ISQED](#)) announced today an ISQED event in China for 2014. The [ISQED-China](#) event will be held on Oct. 27-29 2014 with support by [Hangzhou Dianzi University](#).

The International Society for Quality Electronic Design (ISQED) announced today an ISQED event in China for 2014. The ISQED-China event will be held on Oct. 27-29 2014 with support by Hangzhou Dianzi University. "ISQED

conference has tremendous worldwide reputation in technical excellence and pioneering role in promoting multidisciplinary electronic design," said Prof. Gaofeng Wang, distinguished professor at Hangzhou Dianzi University and the ISQED-China's general chair; "we are pleased to host the ISQED event in China." Topics explored at this event are as follows:

1. Electronic Design
 1. System-level Design, Methodologies & Tools
 2. Smart Sensors Design and Technology
 3. FPGA Architecture, Design, and CAD
 4. IC Package - Design Interactions & Co-Design
 5. Advanced 3D ICs & 3D Packaging
 6. Robust & Power-conscious Circuits & Systems
 7. Emerging/Innovative Process & Device Technologies and Design Issues
 8. Design of Reliable Circuits and Systems
 9. Design of Embedded Systems
2. Design Automation and IP
 1. IP Design, quality, interoperability and reuse
 2. Design Verification and Design for Testability
 3. Physical Design, Methodologies & Tools
 4. EDA Methodologies, Tools, Flows
3. Manufacturing, Semiconductor Process and Devices
 1. Design for Manufacturability/Yield & Quality
 2. Emerging Semiconductor Technologies and Devices
 3. Effects of Technology on IC Design, Performance, Reliability, and Yield

About ISQED

The International Society for Quality Electronic Design (ISQED), established in 1998, is an international professional organization promoting innovation and Quality in electronic design and engineering design education.

About Hangzhou Dianzi University

Located in the historical and cultural city of Hangzhou, China, Hangzhou Dianzi University (HDU) is a key teaching and research oriented university in China with its distinctive programs in Electronic Science and Technology as well as Business Management. HDU has four campuses - Xiasha, Wenyi, Dongyue and Xiasha East, which are homes of over 26,000 students in 16 colleges. HDU cultivates high-quality talents with innovative spirits and practical skills. The progressive and cutting edge research and curriculum at HDU makes it one of the finest Chinese universities, particularly in Electronic Science and Technology.
