

Receive global FLNG project updates and explore new business opportunities and technology developments | Floating LNG

Floating LNG will assess LNG market dynamics and economics, technology innovations, case studies plus project finance and risks associated within this industry.

LONDON, UNITED KINGDOM,
December 30, 2013 /

EINPresswire.com/ -- SMi's 2nd annual [Floating LNG conference](#), taking place on 17th and 18th February 2014 in London, will focus on the challenges involving construction and technology,

LNG market dynamics, new business opportunities and how to exploit them to their full potential. The two-day [conference programme](#) will also feature senior decision makers from leading FLNG innovators including INPEX, United LNG, Saipem, Pangea LNG and Excelerate Energy among others sharing valuable insight on current and emerging projects from across the globe.

Keynote presentations at SMi's 2nd annual Floating LNG conference include:

- Pioneering technology for floating LNG industry
Dinar Indriana, Senior Project Communication Coordinator, INPEX
- The FLNG project at Main Pass Energy Hub
Christopher Caudill, Director, United LNG
- LNG Offloading: The Evolution towards Tandem Offloading
Benjamin Mauries, Floaters Technologies Development Manager, Saipem
- How to develop small scale FLNG projects
Rene van Vliet, Chief Project and Technology Officer, Pangea LNG

- Floating Regasification - Market Update and Future Trends
Edward Scott, Chief Operating Officer, Excelerate Energy
