OKLAHOMA CITY, OK, USA, December 30, 2013

/EINPresswire.com/ -- Oklahoma City Roofing Construction company proudly announces a new website with responsive design. [OKC Roofing Construction.com](http://OKCRoofingConstruction.com) is one of the most cutting edge websites in the roofing industry.

Oklahoma City Roofing Construction company proudly announces a new website with responsive design. OKC Roofing Construction.com is one of the most cutting edge websites in the roofing industry. The new design is aimed to help customers find and navigate them easier.

The site is laid out to emphasize commercial roofing. Oklahoma City Roofing Construction focuses heavily on [commercial roofing in Oklahoma City](#) and the surrounding area. This includes flat roofs which is emphasized on the new design.

The responsive design of the new site helps visitors view the site from mobile and tablet devices. No matter what platform a customer uses to view the site, it will fit correctly to their screen. The other important functionality of the redesign includes a click-to-call feature. Visitors can click any phone number on the site and it will automatically [call OKC Roofing Construction](#).

OKC Roofing Construction, based in Oklahoma City, has built an outstanding reputation as a leading roofing and construction contractor. In business for more than twenty years, the local enterprise has expanded to encompass not only Texas, but Louisiana and Oklahoma. Through years of serving this extended community, OKC Roofing Construction has amassed an impressive collection of successful ventures in the residential and business arena.
