

EaseUS Develops iPhone Backup Extractor to Selectively Restore Lost iPhone Data from Backup

EaseUS Software, world's leading data recovery solution provider developed a powerful iPhone backup extractor - EaseUS MobiSaver for Windows and Mac users.

NEW YORK, USA, January 22, 2014 /EINPresswire.com/ -- As world's leading software developer, [EaseUS Software](#) always devotes itself to develop efficient and easy to use software to help users manage and protect their data. EaseUS MobiSaver, a powerful [iPhone data recovery tool](#), is one of its most popular softwares, it can help iOS users find and recover lost iPhone, iPad and iPod data with simple steps.

EaseUS MobiSaver provides users two recovery modes:

Recover from iOS device and Recover from iTunes Backup. Users can choose the first one to scan their iOS device to find and retrieve all the lost data using the software. This recovery mode is extremely helpful for users who have not available backup files.

When users choosing the second recovery mode, EaseUS MobiSaver soon becomes a powerful [iPhone backup extractor](#). It can help users access and view their data in their iPhone backup easily. What's more, the software allows its users to selectively recover and export the lost iPhone/iPad/iPod data to computer. To some extent, it does things that iTunes can not do. For this reason, EaseUS MobiSaver always enjoying high popularity and good reputation among numerous iOS users.

EaseUS MobiSaver supports all popular iOS device, for example, iPhone 5s/5c/5/4s/4/3GS, iPad and iPod touch 5/4. It can be applied to both Windows and Mac OS. "We always try our best to develope practical and easy-to-use softwares that can really help people of all level solve their problems in data security and management. We are so happy that there are so many people like our software," a technical developer from EaseUS Software said, "We will work harder to improve our products to make it more powerful and efficient in the future and sincerely hope your continuous supports."

It seems that EaseUS Software will give us more surprise in the near future.
