

Local Florida Attorney Referral Service Helps People Injured By Dangerous Drugs and Medical Devices

Florida Attorney Referral Service Helps Florida Residents injured by Vaginal Mesh, Recalled Hip Implants, Infuse Bone Graft, Yaz and More.

WEST PALM BEACH, FLORIDA, USA, January 29, 2014 /EINPresswire.com/ -- A A A Attorney Referral Service has been connecting Miami, Fort Lauderdale, Boca Raton, West Palm Beach, Orlando, Jacksonville, and Tampa Florida residents to injury lawyers since 1997. Now, they have expanded their reach and are concentrating on helping Florida victims injured by pharmaceutical and medical device manufacturers. "Florida has a huge population of seniors who seem to be the target of these companies, we are told." "Manufacturers of dangerous devices target seniors and women", Dangerous devices, like the vaginal mesh used for prolapse or urinary incontinence, target older women. "recalled Stryker ABG II Modular Stems and Rejuvenate hip replacements target seniors", says attorney referral.

AAA Attorney Referral Service is a household name in Florida. Residents have come to trust them for recommending lawyers who are aggressive and experienced.

They are currently focusing on product liability lawsuits for vaginal mesh, bladder sling, DePuy and Stryker Hip Replacements, Metronic Infuse Bone Graft, Yaz, and Risperda. The first outreach campaign focuses on South Florida including: Miami, Fort Lauderdale, Boca Raton and West Palm Beach. The next outreach will focus on Ft Myers, Orlando and Tampa. "We can help injured people get a [vaginal mesh lawyer](#), [Stryker Hip Replacement lawyer](#), Bladder sling lawyer, Yaz lawyer, DePuy Hip Replacement lawyer, [Metronic Infuse Bone Graft lawyers](#) and a Risperdal lawyer", Attorney Referral CEO tells us.

The rationale, as it is explained to us, is to protect Florida residents from the huge influx of T.V ads from out of state law firms that cannot be monitored by the Florida Bar. Many of these are lead companies or law firms that are collecting leads to "farm them out". " Florida has experienced and qualified mass tort lawyers to help injured people", says the referral service.

The referral service also helps auto accident victims, people injured in 18 wheel trucking accidents and pedestrians hit by a car. " We want to help victims injured in local accidents get a personal injury lawyer as well", Says Attorney Referral Service. For help locating a lawyer people needing a Florida lawyer are directed to call 1 800 733-5242 24 hours, 7 days." We are here to get justice for injured Florida people", they proclaim.
