

Global Vision to Unveil Proofware at WestPack 2014

World's first all-in-one, cloud-based packaging inspection suite to be unveiled at WestPack 2014 Booth #5251

MONTREAL, CANADA, January 29, 2014 /EINPresswire.com/ -- [Global Vision](#), the industry leader in the development of innovative proofreading technologies, today announced that it will be unveiling [Proofware](#), the world's first all-in-one cloud-based packaging inspection suite, at [WestPack](#) 2014.

“

With Proofware, organizations can deliver an all-in-one advanced inspection solution that will help them collaborate globally on their packaging inspections.”

Reuben Malz

Proofware gives any enterprise instant access to everyone involved in the security of their brand copy and artwork. Open any set of files and then just run Proofware to verify text, artwork, proofs, barcodes or Braille.

Proofware allows the sharing and management of your inspection reports throughout the enterprise with built-in report management tools including; e-signature, annotation, call-outs, stamps, measurement, and color picker.

"In today's marketplace, customers need enterprise-wide access to packaging QC tools," explained Reuben Malz, President of Global Vision. "With Proofware, organizations can deliver an all-in-one advanced inspection solution that will help them collaborate globally on their packaging inspections."
