

The Geisha, The Newest Design From House Builders In Perth Summit New Homes, Now On Display

Buyers can now tour the latest property from the well-known builder of new homes in Perth.

PERTH, WA, AUSTRALIA, February 3, 2014 /EINPresswire.com/ -- House Builders in Perth, [Summit New Homes](#), have announced the opening of their latest display home. The new design, [The Geisha](#), is now available for viewing at 4 Michigan Turn, Southern River, WA 6110.

The spacious property is well-suited for growing families, couples, or buyers looking to demolish and build in Perth.

"The Geisha, as its name would suggest, does take inspiration from many Asian design concepts, but still manages to incorporate uniquely Australian touches, resulting in a relaxing and inviting property. There are two very distinct zones, with the master suite near the front and the children's bedrooms in the back, to offer a bit of privacy for the whole family," said Sandra Muller of Summit New Homes (<http://www.summitnewhomes.com.au/>).

“

For The Geisha, we took inspiration from all around us. The home, and especially its beautiful alfresco, is suited perfectly for the West Australian climate.”

This stunning home features a large master suite located at the front, with an oversized walk-in wardrobe and luxurious en-suite complete with dual vanity. To offer a relaxing retreat for every member of the family, the other three bedrooms are located at the opposite end of the home, surrounding an activity room and neighbored by the property's second bathroom.

Adjacent to the open concept kitchen, dining, and living

areas is a home theatre with built-in bar, perfect for entertaining guests or hosting movie nights with the family.

The outside of the home is as inviting as the interior. A huge L-shaped alfresco surrounds the kitchen, living/dining area, and activity room, making it the ideal space for entertaining or family activities.

"For The Geisha, we took inspiration from all around us. The home, and especially its beautiful alfresco, is suited perfectly for the West Australian climate and makes for the perfect multi-use space for those who enjoy an indoor/outdoor lifestyle," Muller said.
