

# Wood Creek Vapory Now Open in Converse TX

---

*Wood Creek Vapory, located at 8021 FM 78 in Converse, now open. Providing 'a smooth vaping experience' and a place where 'eCigs are made easy'to enjoy*

CONVERSE, TX, USA, February 11, 2014 /EINPresswire.com/ -- Wood Creek [Vapory](#) has now opened its doors in Converse, TX at 8021 FM 78. Providing what the owners describe as 'a smooth [vaping](#) experience' and a place where 'eCigs are made easy' it comes into being thanks to the desire to quit smoking combined with the desire to work as a veteran family serving veterans and neighbors.

Two sisters, Shirley Wood and Kris Eller, have lived in many places during times when they were either on active duty or as the spouse of a military member. It is finally Bexar Co. that each now call home and are settled in. When Shirley moved to Converse the sisters finally were close to each other as Kris has been in Universal City for many years now. Whenever you move it can sometimes be difficult to find employment. Despite a good education and years of quality experience this was the case for Shirley.

Both smokers, one day while out driving they came across an electronic cigarette store on the west side of town. This new world of eJuices, personal vaporizers, and the entire notion of vaping instead of smoking was very interesting. One challenge they faced, however, was having no vaping store near them. Another was not having anyone who could easily explain all the different things that are involved in using an electronic cigarette correctly. After some careful research into both the products and the industry these two decided they wanted to be a part of helping to introduce others to vaping.

Months later their vapory has journeyed from concept, through planning and into reality. Shirley and Kris invite all those interested in learning about vaping to come by the store. It is a comfortable environment where folks can try before they buy, learn about the products, and discover for themselves if vaping is something they will enjoy. Having a vaping store that is geared to educate first and foremost, buyers will find these two sisters genuinely care about people, their community, and helping others.

The store is located between Crestway and Walzem, in the same strip mall as the Valero gas station on Beach Trail and FM 78. Look for the Wood Creek Vapory sign. Their hours are 11am to 8pm Monday – Saturday. You can also visit their website and visit them on Facebook for more information about their story and their products. The website address is simply [woodcreekvapory.com](http://woodcreekvapory.com) or give the sisters a call at 210-354-7598.
