

Nectar to Demonstrate Expanded Lync Monitoring Capabilities at Worldwide Lync Conference 2014

Nectar representatives will also participate in two presentations to further solidify its position as Lync Monitoring Experts

FARMINGDALE, NY, USA, February 12, 2014 /EINPresswire.com/ -- Nectar Services Corp™, a leader in the development of network monitoring and management software solutions today announced that the company is a bronze sponsor and exhibitor at the upcoming Lync Conference 2014 being held February 18-20 at the Aria Resort in Las Vegas, NV.

As a Microsoft Depth Partner, Nectar's advanced monitoring solution allows organizations to proactively monitor, measure and manage the health and performance of their entire Lync environment. Additionally, their comprehensive solution provides complete information on the interaction between Lync and other UC communications platforms, including Avaya and Cisco. Nectar provides seamless, real-time insight into the entire UC communications ecosystem.

Nectar will be conducting demonstrations and their integration with the Lync SDN API at Booth #333 throughout the show. Nectar will also be participating in two sessions during the conference, "[Software Defined Networking: Lync and Network Diagnostics](#)" and "[Apps for Lync: Experience Management and IT Tools](#)."

More information on the Lync Conference can be found at www.lyncconf.com.

About Nectar Services Corp.

Nectar delivers business value by developing innovative solutions that arm IT organizations with actionable information that helps to adapt to change, manage complexity, and deliver quantifiable ROI reporting. As the first qualified Depth Partner for Microsoft's Lync SDN API Program, Nectar's industry-leading software is the only solution that can provide the unique insight that expedites the identification, isolation, and remediation of issues users experience with Lync and other UC environments. Visit www.nectarcorp.com for more information.
