A new service is now available to all customers, built with a great reputation and great price. Worldwide Parcel Services can now offer customers who order cheap parcel delivery services online, the Interlink Express European road services.

This exciting new service is one of the best around; with Interlink Express being one of the UK's leading all time delivery services. Worldwide Parcel Services will work with the courier service to make sure all customers distribution needs are satisfied whether your deliveries are for the UK or for any country in Europe.

The new service put in place is set to combine unbeatable market prices and precise delivery standards with the European road services now at the customer's disposal.

Worldwide Parcel Services delivers parcels to every European country, shipping thousands of parcels per month throughout the continent. The new road service from Interlink will see customer's deliver their parcels to countries like France, Spain, Italy and many, many more in express time.

Currently the company is working with major courier services across the board to provide the cheapest and most efficient delivery services worldwide. Despite the weather that batters the UK at the moment, we trust our couriers to deliver on time. For air deliveries to Europe we have the WPS Air Express option, a tailored and popular service. Accompanying the new Interlink Express European road service is the UPS Standard Euro service. A speedy service with excellent prices tailored to delivery in 1-4 days depending on your chosen destination.

A new offer is also available to customers as of today, too. Worldwide Parcel Services can now offer 5% off of all services until the end of February. Regardless of where you are sending a parcel or importing from – whether it's a parcel to China, a [parcel to USA](#) or a [parcel to France](#), simply register with Worldwide Parcel Services using the PROMO CODE 'int5pc' to take advantage. Please remember, this offer is only available until 28th February.

When using the Quick Quote menu on the Worldwide Parcel Services website to find a price for parcel delivery, the system will provide the best available delivery option for all of the selected couriers. The estimated delivery time, accompanied by the price will be shown allowing you to choose between a very fast delivery or something cheaper, yet slower.

Worldwide Parcel Services offers cheap parcel delivery solutions to customers looking to ship to worldwide destinations.
