

Regroup Releases 2013 Active Shooter Report to Assist Workplaces Prepare for Active Shooter Events

This comprehensive report offers details and statistics surrounding the active shooter events, school shootings and mass shootings that shook the nation in 2013

SAN FRANCISCO, CA, USA, March 5, 2014 /EINPresswire.com/

-- The increased frequency of public shootings over recent years has led to numerous preventive measures and response tactics being put in place, both in the public and private sectors. However, public shootings in the nation remain a very real and constant threat.

It is for that very reason Regroup, the leading Emergency and [Mass Notification System](#), has compiled a special report for the purpose of assisting individuals in their research, analysis and preparation of Active Shooter Events in their workplace.

To download the 2013 Active Shooter Report, please visit:

<http://bit.ly/1g565QD> Individuals who obtain this report will be able to:

- 1) Review the details of all the 2013 public shootings that could be found from reputable sources that met the criteria established for active shooter events, mass shootings and school shootings.
- 2) Analyze statistics and trends related to the above classifications.
- 3) Better ensure effective preventive & response measures have been put into place.

About Regroup:

Regroup, the leading provider of Emergency Notification and Mass Communication solutions,

was founded at Stanford University in 2006 to solve the need the campus had for effective messaging across multiple communication channels such as mobile devices (text/voice), landlines, email, social media, websites, forums and more. Regroup stands apart from other messaging platforms with its user friendly one-click messaging, seamless integration with social media and client databases, unparalleled reliability and unlimited text/voice/email messaging.

Regroup offers 24/7/365 day a year support and saves clients money - on average 50%. Currently serving government clients like the City & County of San Francisco, universities, non-profits and businesses throughout North America, Regroup is actively expanding in global markets.

To learn more about how Regroup's Emergency Messaging and [Mass Communication System](#) can enable your organization to communicate faster and more effectively during a workplace shooting, as well as streamline Day-to-Day Communications, please call 917-746-6776 or email info@regroup.com for a customized online demonstration.
