

# Mountain Services, Inc Offers an Array of New Services

*Mountain Services, Inc continues to push forward in its quest to serve clients better.*

ROSELAND, VA, USA, March 17, 2014 /EINPresswire.com/ -- Mountain Services, Inc recently added several specialty businesses to their network of operations. These acquisitions further enhance Mountain Services' already-robust capabilities.

This is great news for Wintergreen residents -- as well as individuals residing in Albemarle, Augusta and Nelson counties -- who now have the option to work with one highly-skilled company instead of dividing their time and energy with multiple contractors. New clients can expect top-tier electrical work, comprehensive roofing solutions and professional landscaping services -- all from the same leadership team.

Recent business additions include:

- Mountain Electric, Inc.

Headed by master electrician Gary Caudle, Mountain Electric offers top quality electrical work that enhances the value and safety of client investments. Mr. Caudle brings over 30 years of experience to the table. His leadership sets Mountain Electric apart from many of today's electrical contractors who are unlicensed, uninsured and unskilled. - Total Roofing Service

TRS is a full service roofing company offering maintenance inspections, roof repairs, and leak diagnosis, as well as new and replacement roofs. Total Roofing Service has partnered with

Goodloe & Roberts to bring clients the best value in roofing. Free estimates are available upon request, and all work is backed by a five year guarantee and free annual inspections during that time period. To learn more, visit [totalroofingservice.com](http://totalroofingservice.com).
