Old Wild West Reels is a slot game suitable for operators who want their players to be able to play a classic cowboy-themed game with an out-of-the-ordinary set of extra features. This 5-reel game presents a revival of the western films where players can discover the spirit of the American West. The exciting features of Old Wild West Reels include an Expanding Wild and an Old Wild West Bonus where players can practice their shooting skills on empty bottles. More than that, the Jackpot Bonus allows players to shoot the fierce outlaws of the West.

Keno Vegas 80 is an eye-catching arcade game that combines the classic Keno game with the glitz and glamour of Las Vegas. The popular gambling game is a favorite among internet casino players, and adding it to an online casino can represent a great way to attract customers who prefer lottery-style games. The background of Keno Vegas 80 reminds one of the fabulous Las Vegas boulevards where high-rollers try their chances. The bold, bright shades of purple and enchanting song theme complete the image of this one-of-a-kind Keno game.

A spokesperson for CasinoWebScripts commented: "We are excited to create new, innovative games for our customers. Keno Vegas 80 and Old Wild West Reels are only the beginning of the set of titles we are going to develop this year. Our team is already working on creating new games that include video poker, slots and scratch cards. In the near future, our customers who seek to buy casino-style games should also expect to see a one-of-a-kind 3D dice game in our collection."
