Thames Valley Catering is pleased to introduce a range of conveyor toasters for commercial environments available online now. Currently the company offer four conveyor toasters by four leading manufacturer', including Lincat, Dualit, Burco and Roller Grill. These ranges of conveyor toasters have been made available as an ideal solution for producing toasted items at a fast rate. Customers who own hotels and busy buffet breakfast environments can now find this range of toasters available at great prices online.

Thames Valley Catering says that their two most popular toasters are the Lincat CT1 and the Roller Grill CT540. The Roller Grill CT540 has an exceptional output of around 360 slices per hour, with both sets of 4 infrared elements being individually controlled. The machine is built with a front operation, making the Roller Grill CT540 ideal for toasting bread, bagels, brioche and other bread based items. The second of the two best selling conveyor toasters is the Lincat CT1 Conveyor Toaster which has a slightly lower output per hour of 340 slices. Still extremely ideal for busy breakfast environments, the Lincat CT1 Conveyor Toaster has both upper and lower elements which are adjustable for precise and versatile control of browning while individually controlling heating elements allowing for one-sided toasting of teacakes, burger buns and other food. The Lincat CT1 Conveyor Toaster, specifically, is supplied with a crumb tray and toaster guide as well as benefitting from an excellent Lincat 2 year's parts and labour warranty.

Also available online at Thames Valley Catering are two other excellent conveyor toasters. The Burco 77010 Electric Conveyor Toaster has an output of 400 slices per hour and the Dualit DCT2 Conveyor Toaster produces up to 360 slices per hour. Customers looking to purchase a conveyor toaster from Thames Valley Catering are guaranteed free delivery. Free delivery applies to all orders which amount to £75 or more.
