

Crest Solutions Announced as Reseller of Global Vision Proof-Reading Technologies in UK and Ireland

Global Vision and Crest Solutions to deliver proofreading technologies to packaging industries in the UK and Ireland

MONTREAL, QUEBEC, CANADA, March 28, 2014 /EINPresswire.com/ -- [Global Vision](#), the industry leader in the development of innovative proofreading technologies, has signed [Crest Solutions](#) as a new reseller in Ireland and the United Kingdom. Under the terms of the agreement, Crest Solutions will resell the complete Global Vision [product](#) line and provide valued support for their customer base.

Since 1998, Crest Solutions has assisted companies to transform the way they do business through the introduction of machine vision technologies for automated inspection and verification on components and final stage packaging.

“Our existing contact base comprises the global leaders in the pharma and medical devices industries who have bases in Ireland and the UK. We also have an office in the Benelux to serve markets

there,” said Conor O’Kelly, Print Inspection Sales Manager at Crest Solutions. “We are enthusiastic about the Global Vision offering as we believe these products and solutions can really solve a problem for our existing and new customers. The ability to accurately inspect packaging for errors from artwork stages through to print and before it is released to the public is critical for regulated industries like pharmaceutical, medical devices and food and beverage.”

“

We are enthusiastic about the Global Vision offering as we believe these products and solutions can really solve a

“Crest Solutions brings a wealth of experience working closely with the world's leading pharma companies, and we’re excited to be working together,” said Peter Muller, Vice President, Business Development – EMEA at Global Vision. “Through

GLOBAL VISION
Innovative Proofreading Technologies

this partnership, we look forward to assisting Crest's customers to implement Global Vision Quality Assurance solutions in their packaging workflow.”

About Crest Solutions

Headquartered in Cork, Ireland Crest Solutions has built a reputation as a leading supplier of automated and manual machine vision inspection, verification and traceability solutions to regulated industries. We currently operate in the Pharmaceutical, Medical Device and Food & Beverage industries with operations in Ireland, the UK and Benelux.

Crest Solutions enables companies to fundamentally improve their packaging, automation and traceability activities, while supporting compliance with industry regulations. Crest Solutions adheres to strict internal and recognised standards when developing and delivering systems, including GAMP5, ISO and GS1. We are committed to delivering systems that facilitate validation and compliance with industry standards including FDA compliance according to GAMP standards and 21 CFR Part 11 when required.
