

The 24KT Gold "Princess Rose" Arrives for Mother's Day, Weddings, and Anniversaries

The real, natural-petal 24kt gold roses have arrived at www.LovelsARose.com for a forever anniversary gift, wedding gift, and Mother's Day gift.

WARRENVILLE, ILLINOIS, USA, April 1, 2014 /EINPresswire.com/ -- The "Princess Roses" with their au naturel flower petals are a new addition at www.LovelsARose.com. The eleven-inch high real roses -- which have long been a message of love for weddings, anniversaries, and Mother's Day -- have been hand-picked, carefully selected and preserved at the peak of their beauty, then trimmed in 24kt gold. The delicate "Princess Rose" petals come in a rich burgundy, cream and pink, peach, and ivory. They join the field of gold flowers available at the Chicago area company.

The roses, lilies, and orchids available at www.LovelsARose.com are also available with silver, platinum, and copper trim in addition to the 24kt gold. The material used to preserve them is delicately applied, creating a flower that will last a lifetime. "There are a lot of men who probably wish all the flowers they had given that special woman in their life were still alive -- so she could see them and be reminded. And there are just as many women who wish they could stop their roses from wilting and being forgotten," commented Sid Fey, owner of www.LovelsARose.com. "Those men and women needn't wish any longer," added Fey.

LovelsARose.com is the only company in the world that is able to [imprint a custom message](#) onto a selection of the 24kt gold rose flower petals. The real, preserved gold flowers, which come in an array of colors, are available with crystal vases, or set in museum cases and shadow boxes with personalized message engravings. Custom messages can be engraved onto Heart Charms that hang from the bud of the flowers or onto an engraving plate which then adorns the [museum display cases](#) or cherish boxes.

"A rose symbolizes love and beauty. Love is one of the most influential emotions we feel on a day to day basis. Feeling it makes us feel wanted, needed, and appreciated. A personalized, preserved rose gives you the chance to show your forever love and your admiration through symbolism and your own words. It's a gift that will find a place in their heart to stay," concluded Fey.
