

# Becoming a SEX CEO on a Spiritual Level

*A new self help book by Jacinta Mariah Mpalyenkana*

LOS ANGELES, CA, USA, April 9, 2014 /EINPresswire.com/ -- Becoming a [SEX CEO](#) on a [Spiritual level](#): A contemporary Guide for Establishing, Maximizing and Maintaining a [Sexual-connection](#) for Lovers, is a book that marries the contemporary concepts of business, sex, love, spirituality, and relationships in general. Based on intensive research about people from different professions, cultures and social backgrounds, the findings in the book justify the fact that spiritualizing sex is one, if not the only way to sustain happy and long lasting sexual relationships based on love. Spiritualizing sex simply means getting lovers to understand that they are more than just the physical. The emotional, mental, and spiritual bodies are also part of who we are. With that in mind, maximization of results for any pursuit involves one to embrace the physical, emotional, mental and spiritual parts of him/her—sex inclusive.

The prime purpose of writing this book is to advocate for sex as a sacred activity to be respected, and only enjoyed in serious relationships. Yet, even then, lovers should perpetually work on re-inventing their sexual experiences in order to keep things exciting. Several contemporary business concepts and especially the elite attributes of a Chief Executive Officer (CEO) are employed in the book to cement the importance of good sex in the survival of relationships; just as the CEO's skills and competencies are vital in the survival of a company.

Becoming a SEX CEO on a Spiritual Level also an attention-grabbing chapter, chapter 3, that will help any reader, regardless of core-beliefs, state of mind, sexual orientation, religion, or social background, to open and empty their minds of any, if not all, self-limiting beliefs especially those related to sexual-expression, self-love and appreciation.

Furthermore, Becoming a SEX CEO on a Spiritual Level includes emotional, mental and psychological healing exercises to help one re-connect to their true nature, a state of mind that is conducive for progression, empowerment, and absolute enjoyment of sexual energies between
