“The Swanbourne is sure to be very popular with Perth area homebuyers because they don't have to sacrifice anything due to lot size limitations. This home design packs a lot of features into a narrow lot, which will make it

suitable for some of those lots that are harder to build on due to their size or shape,” explained Sandra Muller of Easystart Homes (www.easystarthomes.com.au).

The contemporary home features a galley kitchen that overlooks the combined living/dining/alfresco area. Stainless steel European appliances, a fridge recess, and a solid

surface island bench with a stylish undermount double bowl sink complete the kitchen's look. Adding to the home's entertaining capacity, the home theatre is located directly across from the kitchen. The home theatre features a built-in TV recess.

The Swanbourne is available as one of Easystart Homes' Home & Land Packages in Perth.
