

DyPee Baby Company launches patented diaper changing pad for vehicles

The DyPee Baby Changing Pad is designed for vehicles and anywhere on the go. Can be used on sloped or flat surfaces.

MILLSBORO, DELAWARE, UNITED STATES, April 20, 2014 /EINPresswire.com/ -- We have created, designed and patented the very first and only multi functional [baby changing pad](#) for use not only in a vehicle but anywhere a conventional diaper changing pad is used. Made of quality materials and our one inch thick changing pad is comfy and safe for babies. Our product utilizes a separate patented wedge design that makes a sloped vehicle seat level for our one inch cushion changing pad to lay on. We also sell other [baby products](#) such as wet bags, bloomers, chevron scarves, and coming soon will be knickers. We are changing the way parents and caregivers care for their child while on the go and travelling. Check us out at www.dypee.com we are adding new products often.
