

Steeple Chase Homes To Be First Major Lake Mary Subdivision In Eight Years According To Arbutine

LAKE MARY, FLA., USA, April 23, 2014 /EINPresswire.com/ -- Rick Arbutine, a luxury home specialist in the Lake Mary/Heathrow market, says that Taylor Morrison's new Steeple Chase subdivision will be Lake Mary's first major new housing construction project in 8 years.

According to a luxury home specialist in Lake Mary/Heathrow, the Steeple Chase development across from the highly desirable Heathrow Country Club community on Lake Mary Blvd will be the first major new construction in eight years in the area.

Rick Arbutine, who specializes in helping Lake Mary and Heathrow buyers and sellers with their real estate needs, says he's been fielding a lot of questions from the public about the upcoming development.

"I get a lot of questions, like when will construction start, how much will custom homes be, and how many home sites will be available. What I decided to do is create an information resource so buyers can get their questions answered, and even reserve a place on our VIP Interest List for this sought-after Lake Mary Subdivision," he says.

Arbutine says prospective buyers can learn about [Steeple Chase homes](#) on Arbutine's new resource page located at [SteepleChaseLakeMary.com](#) as information becomes available.

According to Arbutine, the property is situated on the old L&L Acres Ranch site, the former home of the Lake Mary/Heathrow Festival of the Arts, and provides easy access to the [Seminole Wekiva Trail](#), a scenic paved trail popular for walking, jogging and cycling.

He says anyone interested in learning more about securing a home site in the new development can make reservations or receive information on [floor plans](#) without any obligation to buy.

"We are early in the process of getting these homes on the market, but judging from initial

Steeple Chase Homes, Lake Mary, Florida

requests for information, we expect inventory to be snapped up quickly," Arbutine says. "The Steeple Chase subdivision is a big deal to the Lake Mary/Heathrow real estate market."

Arbutine also believes the Steeple Chase subdivision will provide a boost to other property values in the area, because awareness will be raised about the benefits of living in the Lake Mary/Heathrow area.

"Lake Mary real estate has a lot going for it due to its easy access to Orlando for commuters," Arbutine says. "I believe Steeple Chase is a good development for existing Lake Mary and Heathrow homeowners, and I look forward to helping people learn more about it."
