

Surface Shields Introduces Multi Shield, an All-Purpose Temporary Surface Protection Product

ORLAND PARK, IL, USA, April 30, 2014 /EINPresswire.com/ -- [Surface Shields](#), a manufacturer of floor protection mats, is introducing their new product, [Multi Shield](#), to the market. Multi Shield is a multi-purpose product and can be used for carpet, tile, granite and [hardwood floor protection](#).

Surface Shields has added Multi Shield, an all-purpose floor protection mat, to their product line. Multi Shield is a temporary surface protection product for use on hard floors, carpets, tile and other surfaces to prevent damage on the jobsite. The durable and breathable mat shields work areas from dirt, moisture and liquids.

The Multi Shield product was created using a unique breathable water barrier formula that ensures protection against liquids.

"We are excited to introduce Multi Shield to our product line. Having one product that can protect a multitude of different surface types will hopefully lessen the stress when taking on home improvement jobs. Multi Shield is also lightweight making it easier to carry from jobsite to jobsite," explained Seth Geiss, Marketing and Creative Director at Surface Shields (www.surfaceshields.com).

Multi Shield was designed to have an ultra-light adhesive bottom, so that it will not leave a residue on the surface. This adhesive makes the product slip proof, and also ideal for use on stairs or uneven areas.

"Currently Multi Shield is available in two sizes, 54' and 164' rolls. We chose these sizes as they are both very popular among contractors looking to protect their jobsite during remodeling," said Geiss.

Surface Shields offers a complete line of high quality hardwood floor protection, carpet protection, dust containment and other specialty products. To locate a distributor, dealer or

retailer in the area that carries Surface Shields products, you can visit www.surfaceshields.com/locate-products

For more information about Multi Shield or to learn more about other products by Surface Shields, you can visit their website or call 800.754.9685.

About Surface Shields: Surface Shields is the leader and industry innovator in custom coating and converting pressure sensitive films for carpet and hard surfaces.
