SALT LAKE CITY, UT, USA, May 8, 2014 /EINPresswire.com/ -- Paradigm Life, the leading expert in the Infinite Banking Concept (IBC), is making it easy for you to own your future! The most comprehensive and detailed education related to the most powerful financial tool or strategy, is now available at your fingertips with the new Infinite Banking 101 mobile application. You can download it from the [Google Play Store](#), and it will be available soon in the Apple Application store. Don't wait! This is the first step to gaining your financial freedom and independence!

The Infinite Banking Concept is not a new idea, it was actually popularized by R. Nelson Nash 30 years ago. With such leading corporations and top financial institutions as The Wells Fargo Bank, Bank of America, General Electric, Comcast, JP Morgan Chase, CBS Corp. and Walmart holding billions of dollars in similar investment grade, cash value life insurance policies, you'll be in good company.

While corporate America and many wealthy individuals discovered and eagerly employed one of the industries most financially-sound life insurance strategies, IBC wasn't well-known among the general public. That is, until Paradigm Life changed everything. Not only did they devote their expertise and experience to making the strategy accessible to everyone, they dedicated their entire business platform to explaining and implementing it.

And now the Infinite Banking 101 application makes it even easier. Here's everything you need to learn about how to accumulate, grow and protect your wealth; for all your personal, business and investment uses.

We're the experts in structuring these strategies to meet your needs. The more you know, the more we can help you. You're never too young, you're never too small and there's never been a better time to get started than right now.
