*Lash Relonge Eyelash Enhancer Serum has shown in clinical tests to improve lash length appearance by up to 82% in as few as two weeks*

NEW YORK, USA, May 8, 2014 /EINPresswire.com/ -- Bridal season is just around the corner ... summer weddings are a favorite of the recently engaged. Many engaged women are making the rounds testing out their [bridal beauty looks](#) at the makeup counters or with specially hired makeup artists to test drive their BIG day look.

Fake eyelashes and lash extensions have been favored by many soon to be brides for their dramatic look and how they make pretty eyes pop with splendor. However, the falsies are damaging and the glues may cause irritation or damage, which no bride wants to chance on her big day. [Eyelash enhancer serums](#) are the way to go starting 4-8 weeks before the big day.

Eyelash enhancer serums also contain ingredients designed to strengthen lashes naturally helping to prevent breakage or damage. However, women are cautioned when selecting a lash enhancer product since there are many unsafe and ineffective ones out there, research is the key to finding the best eyelash enhancer.

BeutedeParis.com offers an enhancer called [Lash Relonge](#) that has been clinically tested and shown in some users to increase eyelash density by up to 82%. The reason Lash Relonge works is because of its careful selection of ingredients known to promote hair growth potential.

The formula uses a combination of natural ingredients and poly-peptides, together with vitamins and proteins that promote the appearance of lash growth, supplying the hair follicles with all they need to thrive, producing the look of thicker, longer lashes. Lash Relonge contains ingredients such as:

- Panthenol, also known as pro-vitamin B5, makes eyelashes stronger and prevents damage.
- Hyaluronic acid, known to promote blood flow to give way for healthy hair growth.
- Biotin, helps promote strengthening and fortifying lashes against breakage. Regarded as the "hair growth vitamin" .

The major advantage of a lash enhancer serum product for brides, and women in general, is that natural lashes are completely authentic, creating the striking look of falsies while enhancing natural beauty. A small flick of mascara will take these longer natural lashes to extreme length and beauty.

About Lash Relonge:

Lash Relonge is a unique eyelash enhancer serum that helps brides and all women to achieve more beautiful natural eyelashes that appear longer, darker and thicker. Clinically tested and shown to be effective within two to four weeks, enhancing some users' natural eyelashes to increase eyelash density by up to 82%.
