The band's single and latest project is available on iTunes; in stores on CD; and true to classic rock roots, on vinyl.

For the recent single, Payne reached out to legendary Eye In The Sky's Alan Parsons producer and asked him if he'd like to hear what they had done. Payne had Parsons on speakerphone while Parsons was on piano. "There's a harmony part that you must put in." Parsons who not only agrees to appear in ASIA's Eye in The Sky video but had this to say to Payne, "Do you mind if we actually use that with Alan Parsons Live Project?" Payne replies, "I would be so honored if you did!"

Shot in and around Las Vegas, primarily at the Las Vegas Hotel and Casino, the Eye in The Sky vid also features a cameo from rock fan and enthusiast comedian/actor Carrot Top as well as the cast from the LV's "Rock Vault".
