

# The Easy Solution From Easystart Homes Turns The First Home Buyer In Perth Into First Home Owner

*Easystart Homes has "The Easy Solution" to homebuying by making house & land packages in Perth available for just \$3000*

PERTH, WEST AUSTRALIA, AUSTRALIA, May 16, 2014 /EINPresswire.com/ -- When it comes to making a first home purchase easy, no home builder in Perth can top [Easystart Homes](#). With nothing more than a \$3000 deposit, a first home buyer in Perth can take advantage of "The Easy Solution" at Easystart Homes and purchase a [newly constructed home](#).

The home builder in Perth hopes to help first home buyers get into the home of their dreams with this special offer.

The special financing offer allows first home buyers to purchase one of the builder's house & land packages in Perth or a surrounding suburb for just \$3000 upfront. The low deposit requirements have made the offer particularly attractive to first buyers who can afford a monthly mortgage payment but have struggled to save up the typical 10-20% deposit requirements of most home loan lenders.

“

It can be really confusing to build new construction, especially for first home buyers. We make it easy for them by offering all the services they need under one roof.”

“We have a lot of first home buyers who have great credit, have no trouble paying their bills and have a stable job, but can't come up with a 20% deposit. The Easy Solution offers those buyers a way to get into new construction sooner than they would otherwise be able to. Financing is coordinated by our in-house finance team at Keystart

Home Loan Finance. They source the loans to find the best available terms for each buyer. We'll even help buyers identify first homeowner grants and other concessions that they may be eligible for,” [Sandra Muller](#) of Easystart Homes ([www.easystarthomes.com.au](http://www.easystarthomes.com.au)).

Easystart Homes' all-in-one solution to the homebuying process extends beyond financing with the builder offering house and land packages as well. The combination packages mean the buyer does not have to find a suitable lot upon which to build and then a home design that fits the lot, Easystart Homes has already done that work.

"It can be really confusing to build new construction, especially for first home buyers. We make it easy for them by offering all the services they need under one roof. Financing, home design, and construction. The buyer doesn't have to coordinate anything. Literally all they need to do is provide the \$3000 and we take care of the rest. It's a great option for busy young couples and families who don't have the time to meet with several different lenders, or don't want to coordinate between the lender and the builder," explained Muller.
