POS Tablet understands what owners need - they offer businesses the ability to lease a complete Tablet POS system with an iPad and a Square Stand for less than \$55 a month. That means it’s easy to get

started without lots of cash up front.

Qualifying for the lease is an easy 2-step process; most leases are approved immediately with orders shipping for free the same day. POS Tablet is also committed to new and expanding businesses. In addition to receiving hardware at a low monthly cost, merchants who lease also receive free shipping and the protection of POS Tablet's SalesGuard© Protection Plan.

About POS Tablet

POS Tablet was born out of a deep understanding about what it takes to get the right POS Solution into the hands of merchants. For over 13 years, our parent company, POS Portal, has been busy deploying credit card terminals and POS hardware to merchants nationwide. Working hard behind the scenes, POS Portal knows how to get the right hardware right where it needs to be, configured correctly, and delivered on time. Dual shipping facilities in Sacramento, CA and Louisville, KY ensure that delivery happens when it's supposed to and that replacement parts arrive fast. With POS Tablet, merchants get hardware directly from the source at great prices, with SalesGuard protection and low monthly payments that don't eat up cash, or limit business growth.
