

Tinian Communications Selected to Provide All Low Voltage Services to the Hub at Columbia, SC

Tinian Communications selected to provide low voltage services for a Class A, 850 bed student housing property servicing University of South Carolina attendees

AVENTURA, FL, USA, May 21, 2014 /EINPresswire.com/ -- Tinian Communications has been selected to provide all [low voltage services](#) to the Hub at Columbia, SC, a Class A, 850 bed [student housing](#) property servicing University of South Carolina attendees. Services provided by Tinian communications will include TV, Internet, Wifi, Access Controls, CCTV and [VOIP solutions](#).

The Hub, located in Columbia, South Carolina is staging the grand opening of its student housing complex July 2014. Providing premier quality connectivity is a priority for this property. Because of that commitment to excellence the Hub has been newly redesigned with the latest in state-of-the-art technology. Premier quality connectivity is no longer considered an optional amenity among today's residents; it's an expectation that must be fulfilled. This beautiful community is "Not your father's college dormitory", and is off-campus housing at its finest.

Jonathan Greenwald, Tinian President and CEO said, "We are pleased to announce that Tinian Communications has been selected to provide "best in breed" low voltage services to this class A community. Tinian's fixed and wireless turn-key solutions have raised property management and customer satisfaction to a new level." Mr. Greenwald concluding said, "Tinian Communications exceeds performance expectation, we remain committed to being the industry's best and most responsive solutions provider for this class A community."

Tinian Communications is an IT solutions company providing commercial grade; TV, Internet, Wi-Fi, Phone, CCTV, Access Controls, Network Management and Consulting Services to developers, owners and operators of Student Housing, Multifamily (MDU) and Hospitality markets.
